

Virtual Whaley Waltz

26th June to 31st July 2021

First of all Download MapRun 6 to your device.

On the App. Go to: UK/Derbyshire/Goyt Valley/Whaley Waltz

Start (& Finish) In Whaley Bridge memorial park at the bridge over Todd brook near the dam and children's play area. Grid ref SK0094 8107

Head uphill at the side of the dam to the skate park. Go round the contractor's compound towards the all-weather court. Down the side over the stile and follow track to the road. Straight on over main road (carefully) and path to Taxal.

Past the Church then (First ping here) then up the fields. Left on road then right and up again to Taxal edge. Left on the ridge to the end. Turn right then down through the woods. Up the other side to the gate then up through another gate to Windgather rocks. Follow lower path to the turn around point. "Ping" Turn right back then on the higher path. This time straight down the field towards the farm.

Through a couple of gates and a lower path under Taxal edge. Passing where you came up but go straight up onto the ridge the other way. Once off the ridge cross the flat area and bear right down the track. Then left on a path through the wood. Over the cattle grid and down the road. Left ten right at the bottom and re-trace your route back to the start/finish point. (Last Ping) Well done
